1. Background Information

About the school

- 1.1 Copthill School began its life as a Nursery school in 1969 and has developed into a co-educational Nursery and preparatory school for day pupils. The school is divided into the Early Years Foundation Stage (EYFS) for children between the ages of 2 and 5, and the main school which caters for pupils in Years 1 to 6. It is owned by Copthill School Ltd, whose board of directors are members of the family that founded and continue to run the school, working closely with a small advisory panel. Since the previous inspection, further improvements have been made to the outdoor facilities, dining room and library.
- 1.2 The inspection took into account the circumstances faced by schools during the COVID-19 pandemic and the restrictions imposed by government guidance at various points of the pandemic.

What the school seeks to do

- 1.3 The school aims to provide a welcoming, stimulating and happy environment which encourages and motivates every pupil to succeed. It seeks to provide pupils with a broad curriculum designed to develop lifelong knowledge, skills and attitudes that help them to become responsible citizens, independent explorers, creative thinkers, problem solvers, team players and reflective learners. The school places an emphasis on using the outdoor environment to engage and inspire pupils.

About the pupils

- 1.4 Pupils come from a range of business and professional backgrounds within a 20-mile radius of the school. Data provided by the school indicate that the ability of the pupils in the EYFS and preparatory school is above the national average in all areas. The school has identified 24 pupils as having special educational needs and/or disabilities (SEND) all of whom receive additional support for their needs, which include autistic spectrum disorder (ASD), dyslexia and dyspraxia. One pupil has an education, health and care (EHC) plan. There are no pupils for whom English is an additional language. The school seeks to develop those pupils identified as more able or having particular talents through its extra-curricular programme, enrichment activities and extension within the normal curriculum.

2. Regulatory Compliance Inspection

Preface

The Independent Schools Inspectorate (ISI) is approved by the Secretary of State to inspect schools which are, or whose heads are, in membership of the associations which form the Independent Schools Council (ISC) and report on the extent to which they meet the Independent School Standards ('the standards') in the Schedule to the Education (Independent School Standards) Regulations 2014. Inspections of schools with early years settings not requiring registration also report whether the school complies with key provisions of the Early Years Foundation Stage statutory framework. Additionally, inspections report on the school's accessibility plan under Schedule 10 of the Equality Act 2010 and the ban on corporal punishment under section 548 of the Education Act 1996. Inspections also comment on the progress made to meet any compliance action points set out in the school's most recent statutory inspection.

ISI inspections are also carried out under the arrangements of the ISC Associations for the maintenance and improvement of the quality of their membership.

This is a COMPLIANCE ONLY inspection and as such reports only on the school's compliance with the standards. The standards represent minimum requirements and judgements are given either as **met** or as **not met**. All schools are required to meet all the standards applicable to them. Where the minimum requirements are not met, this is clearly indicated and the school is required to take the actions specified.

Inspections do not include matters that are outside of the regulatory framework described above, such as: an exhaustive health and safety audit; compliance with data protection requirements; an in-depth examination of the structural condition of the school, its services or other physical features; contractual arrangements with parents; an investigation of the financial viability of the school or its accounting procedures.

Inspectors may be aware of individual safeguarding concerns, allegations and complaints as part of the inspection process. Such matters will not usually be referred to specifically in published reports in this document but will have been considered by the team in reaching its judgements.
